WHY CODE SMITHERS

# Straight answers. Direct access.

**Agreed before we start.**
Scope, timeline and cost are settled up front.

**You talk to the developers.**
No account managers in between, no lost messages.

**You approve each stage.**
See designs before we build and test before we launch.

**Support after launch.**
Care Plans keep your site safe, fast and up to date.

Code Smithers

WEBSITES / WEB APPS / IT SOLUTIONS

# Software built around how you work.

Websites, web apps and IT solutions for businesses in Nairobi and worldwide.

NAIROBI, KENYA

WHAT WE BUILD

# Technology around your problem.

- 01 Websites and web apps
- 02 Custom software
- 03 Mobile apps
- 04 UX/UI strategy
- 05 Cybersecurity
- 06 IT support and maintenance
- 07 Cloud integration

HOW WE WORK

# Five stages. You approve each.

1. **Discovery**
   Your goals become a brief.
2. **Design**
   See it before we build it.
3. **Build**
   Clean, tested code.
4. **Review**
   Test it, send one feedback list.
5. **Live**
   Launch checklist, then support.

**5–13 weeks**

Most projects take roughly 5 to 13 weeks. Follow progress in your private project portal.
